

WHITE MARKING RUBBER

Fusion **white marking rubber** can be used to mark your splice with the date and who worked on the splice. The 6 mm (1/4") white rubber can be used to mark all Fusion splice materials (except EPDM).

FEATURES:

- Ready to use
- Works with finger, step and steel cord splices
- A long lasting, simple way to ID a vulcanized splice
- Works with Fusion splice materials (except EPDM)
