

EZ-FIX SL

FAST, SELF-LEVELING CONVEYOR REPAIR

SELF-LEVELING (SL) EZ FIX is a convenient conveyor spot repair material providing a long-lasting repair, with strong adhesion and quick cure time. The Self-Leveling EZ FIX can be applied to smaller or non-level areas. Self-Leveling EZ FIX will extend the life of your conveyor belt dramatically. With excellent wear resistance, impact resistance & that is equal to the actual conveyor belt.

FEATURES:

- Reduces conveyor downtime, EZ Fix Max sets up within 1 hour, and can be buffed within 2 hours
- Permanent solution, not a temporary patch
- No crystallization, which means no cracking or peeling
- Can be stored for up to 12 months
- Can also be used on non-rubber surfaces such as concrete, wood or metal
- Formulated for easy in-field use
- Superior adhesion
